Dear Janet and Dick,

Thank you so much for the lovely trip to Vail. The whole weekend just couldn't have been more beautifully planned! The wedding itself was so perfect especially for the autumn Colorado setting and the bride was, of course, exquisite!!

Really I did enjoy the whole thing so much that I'm running out of adjectives to describe it. The idea of all staying in a condominium was perfect. Amy and I felt just like we were a part of your family. And it was so great to see Amy - we certainly don't see each other as much since she's been in Colorado. She loved showing me the view of "her mountains" from that cable car we took. I wish that you had had the time to have taken that little excursion - the Aspen trees all turning yellow were a marvelous sight.

I must say that one of the most fun parts of the trip for me was the ride to Colorado and back with Phelps and Bunny. They are both so much fun to talk to and so easy going.

Thank you so much for inviting me.

Love,
Beth

P.S. Good to see you all on Sunday morning. IF I'd been more awake I would have asked you in, but I had just gotten up and obviously, wasn't thinking clearly yet.
